The Pharos

Towering 'neath azure skies, its mighty base submerged in the blue waters of the Mediterranean, stood the beacon of the Ancients—the Pharos of Alexandria—built three centuries before the Christian era.

Its flaming torch, 'tis said, lighted the uncharted course of mariners for more than twenty leagues, guiding their ships safely into the sheltering port.

DEATH SENTENCE FOR CORK REVOLT LEADER TO STAND

Joseph Murphy Loses Appeal Against Court-Martial Verdict.

STAY IS RECOMMENDED

Dublin Judges Suggest He Have Time for Further Representations.

REPRISALS ARE DENIED

Official Explanation Given of Destruction of Cullenswood House.

DUBLIN, Jan. 31.—On the appeal of Joseph Murphy, who was found guilty by a court-martial of having led an attack in Cork, October 8, against the military and sentenced to death, the court to-day handed down a decision that it was powerless to stay execution of the sentence, but it thought the prisoner should be given time to make further representations before the court-martial.

Murphy had asked the Court of Appeals to upset the former proceedings on the ground of the refusal of the court-martial to permit of a certain cross examination in behalf of the prisoner. It was also contended that the proceedings were held prior to the promulgation of martial law. On this contention the court held the court-martial had been established according to statute and was competent to impose sentence, and that therefore interference with it would be unprecedented.

The destruction of Cullenswood House in Ranelagh, a suburb of Dublin, on Saturday night was not an official reprisal, it was stated in official quarters here to-day.

The military forces, it is said, noticed that what they considered suspicious and unnecessary alterations were being made to the house, which was owned by the aged mother of Patrick H. Pearse, the "Provisional President of Ireland," who was executed shortly after the Easter rebellion of 1916. The raid Saturday night was made for the purpose of removing the alterations.

An official statement says the military discovered a detailed estimate of the structural alterations in the handwriting of a "leading rebel." An investigation showed false walls and doors and a wardrobe arrangement operated by a spring disclosing a secret office.

"There were nine rooms, mostly of secret construction, giving access to the adjacent fields," says the statement. "Inside a dummy wall revolver ammunition was found. Previous raids disclosed that the premises were used for unlawful associations."

Col. Maurice Moore, commander of the Irish National Volunteers who was arrested in his residence Saturday night by the military, has been released.

BUFFALO WOMAN INJURED.

WARSAW, Poland, Jan. 27.—Mrs. Josefa Kudileka of Buffalo, N. Y., an American Red Cross worker, was brought to the Warsaw Hospital to-day suffering from contusions of the legs and body received when an automobile in which she was touring the devastated regions turned turtle on a lonely road near Lublin.

Don T. Hise of Pittsburg, Pa., also connected with the Red Cross, and a Polish chauffeur, who were riding with Mrs. Kudileka, escaped with a few bruises.

Rosebery Wonders What U. S. Would Do to Ireland

LONDON, Feb. 1 (Tuesday).—Lord Rosebery, writing in the London Times on the subject of Ireland, says:

"The Americans are very free with their criticisms of our Irish government, but one is curious to know what their plan would be. An extreme party is endeavoring to set up a hostile state in Ireland. What was done in the United States when the Southerners wished to do the same thing. But we have no other clue to their Irish policy, and that obviously is no precedent."

ENGLISH TO REPAIR RUSSIAN ENGINES

Armstrong Company Gets Contract to Repair Virtually All Locomotives.

LONDON, Jan. 31.—An undertaking for the repair of virtually all of Russia's locomotives, extending over a number of years, has been signed between the English firm of Armstrong, Whitworth & Co. and the Russian trade delegation. Reports to this effect had been current for several days and the company confirmed them to-day. It announces, however, that the contract is subject to the signing by Great Britain of the trade agreement with Russia.

Mr. Armstrong declined to state the size of the contract or the number of locomotives to be repaired, but an idea of the conditions of transport in Russia was gleaned by a correspondent of the Associated Press last July, who, entering Moscow from Krasnodar, observed five miles of tracks on which were junked hundreds of locomotives, cars and rail equipment of all kinds collected for repairs. A few of the huge American type locomotives in Russia are still in first class condition and are used exclusively for heavy hauls in the rural district or on the weekly Omsk-Moscow express, on which officials travel.

Lenine's recent order that Siberian trains must travel 120 miles daily indicates that the conditions of transport have become materially more difficult since last summer. The Moscow railroad workers informed the correspondent that they were held strictly responsible for the condition of their locomotives and the crews were sent to jail if breakdowns occurred.

The Central News learns that the Russian Soviet Government is expected to ratify the Krasline agreement without change. According to this information Moscow approves Krasline's work, and appoints him representative at London.

A despatch from Copenhagen quotes the National Tidende as saying Krasline received a lukewarm greeting when he reached Moscow with the trade agreement, and that Lenine and Litvinoff consider the terms of the treaty unacceptable. Another Central News despatch says that Lenine, the Soviet Premier, has been suffering from a cold, but is otherwise quite well.

DONAL O'CALLAGHAN REELECTED LORD MAYOR

Cork Corporation Acts Before Ten Are Arrested.

CORK, Jan. 31.—The Cork Corporation to-day reelected Donal O'Callaghan Lord Mayor. (Lord Mayor O'Callaghan is at present in the United States.) Toward the close of the meeting a police force arrived and arrested three of the Aldermen and seven Councillors, taking them away to the barracks. The prisoners indulged in good humored songs on the way.

DUBLIN, Jan. 31.—Laurence O'Neill was to-day elected Lord Mayor of Dublin for the fourth successive year. Although not a Sinn Féiner, he was proposed by Sinn Féiners, and in giving thanks for his election he said that as Mayor he would be advised by those chosen by the vast majority of Irish people as their political representatives.

Alderman Cosgrove declined the Mayorship on the ground that as a hunted man he would be unable to perform the duties of office.

U. S. APOLOGIZES FOR BERGDOLL'S 'STEALING'

Army Chief Expresses Regrets to Berlin and Government of Baden.

PROVOST IS BLAMED

Thought Philadelphia Draft Evader Was Sojourning in French Zone.

BERLIN, Jan. 31.—Brig.-Gen. Henry T. Allen, commanding the American Army of Occupation on the Rhine, has made a formal apology to both the Berlin Government and the Government of Baden for the recent attempt by men connected with the American forces to take into custody Grover Bergdoll, American draft evader, and his chauffeur, Isaac Stecher, says an official statement issued by the Government here to-day.

The statement says that Col. Stone, acting on orders from Gen. Allen, called on the Imperial Commission for the occupied Rhine area and declared Gen. Allen desired to make a formal apology to the Imperial German and Baden governments for the attempt to arrest Bergdoll or Baden territory. Through his official representative, the communication states, Gen. Allen declared he had given no orders for the attempt against Bergdoll, which he greatly deplored. The order for Bergdoll's arrest, Gen. Allen stated, was issued by the provost marshal in Coblenz, who only recently arrived in Germany and who was under the impression that Bergdoll was sojourning in the French zone of the occupied area.

WASHINGTON, Jan. 31.—The War Department to-day finally conceded that it had official information that Grover Cleveland Bergdoll, wealthy Philadelphia draft evader, was in Germany.

Secretary Baker announced that he had received a cablegram from Major Gen. H. T. Allen, commanding the American forces on the Rhine, saying he had ordered a thorough investigation of the circumstances surrounding the attempt to abduct Bergdoll at Eberbach last week, in which two American army intelligence officials were alleged to have been implicated. Mr. Baker said he had no further information, and refused to discuss any angle of the case until he had heard more details from Gen. Allen.

U. S. FLEETS DIVIDE FOR CHILE AND PERU

Pacific Vessels Go to Valparaíso; Atlantic to Callao.

VALPARAISO, Chile, Jan. 31.—The United States Pacific fleet, composed of the dreadnoughts New Mexico, Idaho, Wyoming, Arkansas, Texas, New York and Mississippi, eighteen destroyers and five auxiliary craft, arrived here this morning after a cruise from Panama for a five day visit.

Admiral Rodman came ashore and paid his respects to Admiral Munos Hurtado, commander of the Chilean navy after which the latter and other naval officials boarded the flagship New Mexico and returned Admiral Rodman's call.

Admiral Rodman told the Associated Press the fleet had a splendid voyage southward, the Pacific fleet having separated from the Atlantic fleet off the Peruvian coast January 28, the Atlantic fleet stopping at Callao. The American and Chilean reception committees have arranged a varied programme of entertainment for the hundreds of sailors of the fleet during shore leave, including rifle shooting matches, baseball games and dances, while a round of social functions awaits Admiral Rodman and his staff here and in Santiago, the first of which is a reception at the Naval Club of Valparaíso this evening.

Admiral Rodman and his staff will come ashore early to-morrow morning to take a train for Santiago to attend a luncheon to be given by the American Society of Chile, after which they will call on President Alessandri and the Cabinet members, who will review a parade of 500 sailors from the fleet.

CALLAO, Peru, Jan. 30 (delayed).—Three United States destroyer divisions, under the command of Capt. Kenneth M. Bennett, arrived here yesterday, forming the advance guard of the United States Atlantic fleet, the battleships of which will arrive to-morrow. Admiral Henry B. Wilson, commander in chief, will go to Lima for the purpose of paying a visit to President Leguia, the Foreign Minister and the Minister of Marine. A four day holiday, beginning to-morrow and ending February 3, has been declared by the President.

SWISS KEEP COURTS-MARTIAL.

Also Vote for Submitting All Treaties to Referendum.

BERN, Jan. 31.—Proposed legislation, sponsored by the Socialist party and demanding the suppression of military courts, has been rejected by a vote of 887,000 to 192,000 in a plebiscite held throughout Switzerland.

A second proposed bill, which was supported by the Federal Assembly and which would submit to a popular referendum all international treaties if such a demand be made by 30,000 citizens, or eight cantons, was accepted, the vote being 384,000 to 169,000. About 50 per cent. of the Swiss voters cast their ballots.

GREEKS AND TURKS TO MEET IN LONDON

Rhailis Heads Athens Delegation; Sultan and Kemal Piek Another.

DEPUTIES BALK AT OATH

U. S. Won't Recognize Constantine and Withholds \$33,000,000 Credit.

ATHENS, Jan. 30 (delayed).—The Council of Ministers has appointed a delegation to attend the coming conference in London, at which the Turkish and Greek situation and the treaty of Sevres will be discussed. Premier Rhailis, who will head the delegation, will be accompanied by M. Kalogoropoulos, Minister of Finance. He will leave Athens February 7, stop over in Paris for two or three days and purposes to arrive in London several days before the conference is to begin in order to confer with persons high in English political circles.

There was a stormy session in the Chamber of Deputies to-day. The reading of the oath requiring allegiance to King Constantine evoked heated protests from Venizelist members who refused to subscribe to the oath. This threw the Chamber into an uproar. There were Royalist cries of "Throw them out," vigorous shaking of fists and also demonstrations from occupants of the gallery.

The military and the police threatened to intervene, but the tumult continued until Premier Rhailis mounted the tribune and pleaded for peace. He said the form of oath would be explained after the Chamber was formally constituted.

CONSTANTINOPLE, Jan. 30 (delayed).—Telegraphic communication with Ankara

was ordered restored by the Sultan's Government to-day. This action followed a conference between the Grand Vizier and Allied Commissioners to Turkey in which the Grand Vizier accepted the allied invitation to send delegates to the conference to be held at London, beginning February 21. He said he immediately would appoint a delegation in agreement with the Turkish Nationalists.

Special Despatch to THE NEW YORK HERALD.

New York Herald Bureau, Washington, D. C., Jan. 31.

There will be no immediate recognition of King Constantine of Greece on the part of the American Government. This was intimated at the State Department to-day. It is already recognized that this Government might be in the position of stultifying itself by recognition of Constantine in opposition to the wish of the allied Powers in view of Constantine's open espousal of the cause of Germany during the war. The decision of the State Department means that the \$33,000,000 American credit now standing in the name of the Grecian Government will be withheld.

AMERICAN INFLUENCE GREATEST, SAYS READING

Earl Asserts League Is Lacking in Living Force.

LONDON, Jan. 31.—At a public meeting of the local branch of the League of Nations Union at Reading to-day the Earl of Reading said the League of Nations could not become a living force until it was based on the peoples' will. He hoped the peoples would be taken more into the confidence of their governments.

"It is not for us to discuss why the United States Senate has not ratified the peace treaty," he said. "That is a matter for America and Americans. My view is that there is no nation in the world which can wield such influence at the council of nations as America."

Lord Reading concluded by saying that the problem of disarmament remained uppermost. Disarmament would not be reached to-day or to-morrow, he declared, but the League of Nations would lead the way to it.

ORIGIN OF PRUNES

In the early days of the Roman Empire plums were not grown in Europe.

Yet the Romans were so fond of them that they had them brought from Egypt—

A voyage so long as to necessitate drying the fruit to keep it from deteriorating.

Thus are we indebted to Egypt for prunes—one of the pleasures of the table at CHILDS.

Large, luscious prunes with the delicious flavor of ripe plums.

"My bank is my best friend."

TWO young business men were discussing their progress since they had come to New York.

"You've gone fast and far, Smith," said one, "and you have been conservative."

"That's because," the other replied, "I never think of taking a step in business or personal financial matters without consulting my bank."

"But The Equitable is one of the biggest banks in New York!" exclaimed his companion in surprise.

"Yes, and that is why I chose it. It's big in resources; but bigger in its spirit of helpfulness. I call it my best friend."

Will you visit us today and let us tell you how we think we can be your friend too?
